Hello, everyone. I'm going to tell you about my summer vacation.
 Last summer, I went to Amami with my mother and brother. My father didn't go with us because he was busy. We stayed there for three days.
 On the first day, we went to the beach*. A lot of people were there. We enjoyed swimming. We wanted to go to a museum, but we had no time to go there.
 On the second day, it was raining. We went shopping* in the morning. We bought a book about Amami for my father. In the afternoon, we walked on the street and found* a nice restaurant. It's famous for *Keihan**. *Keihan* is a traditional dish*. We had lunch there. It was really good.
 On the last day, it rained a lot. We stayed at a hotel*. We couldn't go to the beach, but I made a new friend there. She is from Spain*. Her name is Maria. She studies English at school, too. Our English was not perfect* but we talked about many things.
 We had a great time in Amami. I want to visit Amami again.
 Thank you.
